Dear Juan and Marisol,

I am following up at Councilmember O'Farrell's request to contact you and enlist your help on the homeless encampment threatening the health and safety of the nearby Sunset/Waterloo community.

Two nights ago 1 of the 7 started a fire that partially burned one of the overgrown trees.

The urine stench during the day is awful, even though these people are visibly using the City sewer to urinate.

Have any of you visited the site?

We need your help.

I have attached photos and my prior letter to Council Member O'Farrell.

Thank you.

John Alle (310 990 7124)

Hi John,

I just want to confirm you received my other email I responded to regarding this request.

Thank you again for reaching out to our office.

I did, thank you. But it should not take any additional time to address the issue.

It's a SAFETY issue. One of possible fire, health (discarded and visible syringes, rats and roaches coming from the ivy enclosed tents and plastic filled bags of garbage, etc. That causes disease. All less than 30 feet from my tenants and others on the block and 2 corners who obey the law and are paying their hard-earned money for housing costs.

Those 6 to 7 bums are lighting up at night (and during the day) cooking in the open, and using the iron grate above the sewer line as their personal toilet.

Yesterday it was windy. If a fire starts, the overhanging power lines will erupt, trees and brush will burn, and they and others could be hurt or killed. If our properties are damaged, there will be months before we can rebuild and get them re-settled.

What more need to be described before this becomes a priority for your office. Will it help you if we contact the Mayor's office as well? Has the Council Member O'Farrell even come driven up to see?

Please advise, and thanks.

John Alle (310 990 7124)

Hi John,

This has been a priority for our office. Should you want to further discuss the process we have gone through I can make myself available for a quick call.

Your representative with the Mayors Office is Angie Aramayo([Angie.aramayo@lacity.org](mailto:Angie.aramayo@lacity.org)) if you want to reach out to her any additional assistance.

Know that we have been working with the Mayors office on this, they oversee the Unified Homeless Response Center(UHRC) where all of our requests go. It is going through the process and will be scheduled in August.

I will let you know as I get information to share.

Thank you Juan. We all appreciate it, and hope the people on the hillside aren't injured don't kill themselves and that the legal residents immediately adjacent in the apartments and houses aren't injured or lose their home.

Sincerely,

John Alle 310 990 7124
